R & R and they pull it off damn well. All rock bands
want to be like the Beatles; these guys have the
nerve to BE the Beatles. Amazingly, they're so
good at it, you learn new things about the originals".

-Dave Marsh, rock critic and Sirius radio host

"There are Beatles tribute acts, and then there are
Beatles tribute acts. This one recreates even the most
complex studio work of the later Beatles without
breaking a sweat"

before... It sounded like chamber music to me."

his band."

However, you guys came and spoiled it all. Best band,
best show, best musicians, best rapport with the fans,
best everything! In short, we at the Cavern have a new
answer to that same old question, 'Which is the best
Beatle band in the world?' Finally we can say, hand on
heart, 'The Fab Faux from New York City'."

Beatleweek, Liverpool, UK*

business"

-David Fricke, Rolling Stone Magazine
